## THURSDAY 2<sup>nd</sup> May

<b>9.00 – 12.00 Workshop 1</b> <b>Ballroom 1</b> <b>Chair:</b> Liss Brunner <b>Prof Julia Rucklidge</b> <i>Nutritional Therapies for Optimizing Brain Health: How to implement nutrition into your practice</i>	<b>9.00 – 12.00 Workshop 2</b> <b>Gallery Room 2</b> <b>Chair:</b> Jacinta Douglas <b>A/Prof Michelle Villeneuve</b> <i>Person-Centred Emergency Preparedness: Role and contributions of allied health providers in disaster risk reduction</i>	<b>9.00 – 12.00 Workshop 3</b> <b>Ballroom 2</b> <b>Chair:</b> Jennie Ponsford <b>Dr Lucy Ymer, Dr Kate Frencham, Dr Natalie Grima</b> <i>Treating Fatigue and Sleep Disturbance after Traumatic Brain Injury and Stroke</i>
10.30 – 10.45 Morning Break		

**12.00 – 1.00** Lunch break

**12.15** ASSBI Lived Experience Sub Committee Meeting - Gallery Room 1

<b>1.00 – 4.00 Workshop 4</b> <b>Ballroom 1</b> <b>Chair:</b> Liss Brunner <b>Dr Nicholas Behn</b> <i>"The whole of me feels more uplifted": Learning how to deliver projects in practice for people with acquired brain injury</i>	<b>1.00 – 4.00 Workshop 5</b> <b>Ballroom 2</b> <b>Chair:</b> Joanne Steel <b>Prof Tamara Ownsworth</b> <i>Psychotherapy for people with life-limiting neurological conditions: Implementation of the Making Sense of Brain Tumour program</i>	<b>1.00 – 4.00 Workshop 6</b> <b>Gallery Room 2</b> <b>Chair:</b> Nicci Grace <b>A/Prof Michelle Kelly</b> <i>The provision of support for family carers of people with dementia</i>
2.30 – 2.45 Afternoon Break		

**4.00** Workshops CLOSE

**4.15 – 4.45** ASSBI Committee Meeting - Gallery Room 1

**4.45 – 6.00** Committee Drinks - Alcove outside Gallery Rooms

**6.00 – 9.00** Welcome Reception - Lounge Area, Level 1

**8.30** Editors and Associate Editors Meeting - Alcove outside Gallery Rooms

## FRIDAY 3<sup>rd</sup> May

**8.45 – 11.00**      **PLENARY 1**  
**Venue: Grand Ballroom**  
**Chair: Elise Bogart**

**8.45 – 9.00**      Welcome to Country will be undertaken by Aunty Maxine Ryan  
Welcome to the conference Elise Bogart

**9.00 – 10.00**      International Keynote Speaker: Julia Rucklidge  
***Nutrition Provides the Essential Foundation for Optimizing Mental Health: A New Frontier for Health Professionals***

**10.00 – 10.45**      **Lived Experience Panel**  
***Hopes and aspirations for the future - Where is innovation needed to improve the lived experience?***  
**Speakers:** Gabrielle Webster, Jayden Alexanderson & Julane Bowen  
**Moderator:** Melanie Moses

**10.45 – 11.30**      Morning break including Poster Session (45 mins)

**11.30 – 12.30**      **CONCURRENT SESSIONS 1 – 3**

Concurrent Session 1: Rehabilitation Ballroom 1 Chair: Jacinta Douglas	Concurrent Session 2: ACT Ballroom 2 Chair: Grahame Simpson	Concurrent Session 3: Cognition Gallery Rooms Chair: Skye McDonald
11.30 – Emmah Doig - Exploring the goals and outcomes of adults with severe acquired brain injury participating in an extended inpatient brain injury rehabilitation unit in Australia 11.45 – Kirsten Sue See - Evaluation of the implementation of a 12-week assessment and management framework for sub-acute rehabilitation patients in a prolonged disorder of consciousness. 12.00 – Ella-Rose Minter - 'An Evolution of the Way': Planning Effective Hospital Discharge for People with Neurological Disability and Complex Needs <b>Datablitz</b> 12.15 – Jennie Ponsford - Efficacy of olanzapine for reducing agitation in post-traumatic amnesia after TBI: a series of n-of-one cases (DB1) 12.20 – Jane Bradshaw - Be Pain Smart – An innovative way to manage pain after Brain Injury and/or Spinal Cord Injury (DB2) 12.25 – Katherine Goodchild - Perceived influences on decision making by occupational therapists assessing cognitive function in acute care following traumatic brain injury (DB3)	11.30 – Diane Whiting - Acceptance and Commitment Therapy for psychological distress delivered to individuals with a traumatic brain injury via videoconferencing: A non-inferiority randomised controlled trial. 11.45 – Josh Faulkner - Acceptance and Commitment Therapy for Mild Traumatic Brain Injury (ACTion mTBI): Randomised Feasibility Study of Effectiveness 12.00 – Dana Wong - Evaluating the VaLiANT (Valued Living After Neurological Trauma) group intervention for improving adjustment to life with acquired brain injury: A pilot randomised controlled trial <b>Datablitz</b> 12.15 – Diane Whiting - Validating the DASS-10 as a brief measure of psychological distress after traumatic brain injury (DB4) 12.20 – Sarah Chuah - Participant Perspectives on Traumatic Brain Injury Impacts and Acceptance and Commitment Therapy Outcomes: A Qualitative Analysis (DB5)	11.30 – How to Session (30mins) - Libby Callaway - How to use 'My Technology Space': Information, tools and resources for planning the use of technology for executive function support after acquired brain injury 12.00 – David Shum - The effect of time delay on young adults' prospective memory <b>Datablitz</b> 12.15 – Danielle Sansonetti - The role of environmental, social and activity-based feedback mechanisms in self-awareness rehabilitation for adults with brain injury (DB7) 12.20 – Caitlin Hamilton - Maintenance of gains following prospective memory rehabilitation for adults with traumatic brain injury (DB8) 12.25 – Jacqui Wheatcroft - Expert consensus on a cognitive rehabilitation training program: A nominal group technique study (DB9)

**12.30 – 2.00**      Lunch Break

**12.45 – 2.00**     **ASSBI AGM**  
**Venue: Gallery Rooms**  
**Chair: Dana Wong**

**2.00 – 3.00**     **CONCURRENT SESSIONS 4 – 6**

Concurrent Session 4: Co-design & Agency Ballroom 1 Chair: Clare Ramsden	Concurrent Session 5: Communication Ballroom 2 Chair: Sophie Brassel	Concurrent Session 6: Therapy Options Gallery Rooms Chair: Sharon Savage
<p>2.00 – Kate DCruz - Co-designing with people with neurological disability: Obstacles and opportunities for authentic, collaborative practice</p> <p>2.15 – Jacinta Douglas - “At every stage it was my choice on what to do and how to do it and that’s important”: Therapeutic principles that facilitate choice and self-management in community based social activity intervention after severe brain injury</p> <p>2.30 – Jennie Ponsford - Co-Design and Implementation for Promoting Discussions on Sexuality After Traumatic Brain Injury in a Multi-Disciplinary Rehabilitation Unit (DB)</p> <p><b>Datablitz</b></p> <p>2.45 – Tenelle Hodson - Co-design of a technological solution for people with acquired brain injury (DB10)</p> <p>2.50 - Jessie Mitchell - Reclaiming agency in care decisions: Perspectives of people with acquired brain injury and their family members pre- and post-hospital discharge (DB11)</p> <p>2.55 – Rebecca Rothman (PR) - The change in mental well-being over one year for people with neurological disabilities and complex needs after moving into individualised housing (DB12)</p>	<p>2.00 – Liss Brunner - social-ABI-lity pilot 2.0 - using an online training program and a peer-moderated private Facebook group to support safe use of social media for connection after brain injury</p> <p>2.15 – Joanne Steel - Reporting on the usefulness of a narrative discourse task during and after post-traumatic amnesia</p> <p>2.30 – Petra Avramovic - An online multimodal intervention for people with brain injury and their communication partner to improve their conversation skills together: a pilot study</p> <p><b>Datablitz</b></p> <p>2.45 – Tayla Kleinschmidt - Supporting Return to Work in People with Traumatic Brain Injury: Synthesis of Publicly Available Information on Assistive Technology Used by Speech Pathologists (DB13)</p> <p>2.50 – Erica Zhang (PR) - Important event recounts after traumatic brain injury (DB14)</p> <p>2.55 – Yong Yong Zhang (PR) – Addressing persisting challenges for people with aphasia after TBI (DB15)</p>	<p>2.00 – How to Session (30mins)</p> <p>Kate Gould &amp; Nadine Holgate - Helping people to identify and progress towards their personally meaningful aspirations following brain injury using PBS+PLUS</p> <p>2.30 – Nicola Kayes - Maintaining and developing psychosocial resources for recovery and adaptation in neurorehabilitation</p> <p><b>Datablitz</b></p> <p>2.45 – Pavika Thevar - A Pilot Trial of Cognitive Behaviour Therapy for Migraine in Multiple Sclerosis (DB16)</p> <p>2.50 – Ilana Hepner - Exploring Patient Engagement on a New App for Memory Rehabilitation (MEMOREhab) (DB17)</p> <p>2.55 – Michael Norwood - An immersive virtual reality game to identify spatial neglect: The full story from conception and piloting, to efficacy and implementation analysis (DB18)</p>

**3.00 – 3.45**     Afternoon Break and Poster Session (45 mins)

**3.45 – 5.00**     **PLENARY 2**  
**Venue: Grand Ballroom**  
**Chair: Skye McDonald**

**3.45 – 4.15**     **National Keynote Speaker:** Tamara Ownsworth  
***The Making Sense of Brain Tumour Program: Path from conception to translation in practice***

**4.15 – 5.00**     **ASSBI Presidential Address:** Dana Wong  
***Doing what matters: Characterising and enhancing valued living in people with acquired brain injury***

**5.00 - 6.00**     **Editorial Board Meeting:** Jenny Fleming and Grahame Simpson  
**Venue: Gallery Rooms**

**5.30 – 6.45**     **Students drinks - Eve’s Bar - Mercure Sydney**

**7.00 – 11.00**     **Conference Dinner – Aerial Function Centre UTS**

## SATURDAY 4<sup>th</sup> May

**8.45 – 12.30**      **PLENARY 3**  
**Venue: Grand Ballroom**  
**Chair: Leanne Togher**

**8.45 – 9.45**      **International Keynote Speaker: Nick Behn**  
***Communication and brain injury: Finding meaning to communicate***

**9.45 – 10.15**      **National Keynote Speaker: Michelle Kelly**  
***"Innovations... nay... the basics of Aged and Dementia Care in Australia"***

**10.15 – 11.00**      Morning Break including Posters (45 mins)

**11.00 – 12.30**      **CONCURRENT SESSIONS 7 – 9**

Concurrent Session 7: Dementia & Language Ballroom 1 Chair: Olivier Piguet	Concurrent Session 8: Psychosocial Ballroom 2 Chair: Travis Wearne	Concurrent Session 9: Guidelines, Models & Education Gallery Rooms Chair: Miriam Poole
11.00 – (Candy) Sau Chi Cheung - Caring for carers: Managing changed behaviours at home in dementia 11.15 – Sharon Savage - Investigating the nature of language impairments in behavioural variant frontotemporal dementia 11.30 – James Carrick - A novel observational task reveals relationship between apathy measurement and behaviour in new, enriched environments in dementia 11.45 – Stephanie Wong - The Test of Financial Skills: a new clinical tool for assessment of financial capability in dementia 12.00 – Cathleen Taylor-Rubin - Introducing a symptom-led staging system for semantic and non-fluent agrammatic variants of Primary Progressive Aphasia with case studies of its clinical application. <b>Datablitz</b> 12.15 – Mengjie Huang - Fibre-specific alterations in amygdala-associated white matter tracts in the language variants of frontotemporal dementia (DB19) 12.20 – David Foxe - Longitudinal changes in functional capacity, cognition, and behaviour in the frontotemporal dementias and Alzheimer's disease (DB20) 12.25 – Mohamed Taiebne (PR) - Review of tools for screening and assessment of acquired neurogenic language disorders in Arabic (DB21)	11.00 – Cynthia Honan - Developing Clinical Practice Guidelines for the Treatment of Psychosocial Difficulties in Adults with Moderate-to-Severe TBI: Applying Novel Methods for Identifying Guideline Priorities and Scope 11.15 – Nicola Kayes - Examining intervention, context, and implementation variables to underpin an evidence-based framework for peer support after brain injury 11.30 – Christine Cummins - "I just kept growing in myself and developing and building my confidence": the impact of peer support for mentors 11.45 – Jonathan Armstrong - Facilitating community integration following acquired brain injury 12.00 – Skye McDonald - Managing challenging behaviour after traumatic brain injury: The results of an RCT designed to measure effectiveness of The Carers Way Ahead <b>Datablitz</b> 12.15 – Elinor Fraser (PR) - Experience of adapted cognitive behaviour therapy to address sexuality changes after traumatic brain injury: a qualitative study (DB22) 12.20 – Lucy Ymer - Cognitive Behavioural Therapy versus Health Education for Sleep Disturbance and Fatigue Following Acquired Brain Injury: A Randomised Controlled Trial (DB23) 12.25 – Kimberly Chew - "I am me again": Co-Designing a Cyberscam Recovery Intervention Framework for People with Acquired Brain Injury (DB24)	11.00 – How to Session (30mins) – Christine Canty - Translating the INCOG 2023 guidelines into clinical practice: Lessons in neuropsychological rehabilitation 11.30 – How to Session (30mins) – Justine Hamilton - Mystify me no more: Using the Rehabilitation Treatment Specification System (RTSS) to make brain injury interventions transparent and replicable. 12.00 – Kate Dawes - Towards the development of an interactive information platform: educational priorities and e-learning preferences of children and adult relatives with lived experience of parental acquired brain injury - a national survey <b>Datablitz</b> 12.15 – Adelene Yap - Reducing lifetime cost of care and family burden post catastrophic injury through an interdisciplinary therapy based transitional program at Brightwater Marangaroo, Western Australia (DB25) 12.20 – Eloise Trotter - Improving dementia knowledge and intentions towards healthy lifestyle choices - a targeted education video for young adults (DB26) 12.25 – Naomi Moylan - Younger Onset Dementia Service Model (DB27)

**12.30 – 1.45** Lunch Break

<b>12.40 – 1.40</b> <b>Student Event: Meet the Researcher</b> <b>Venue: Lounge Area, Level 1</b> <b>Chair: Kylie Southwell</b>	<b>12.40 - 1.40</b> <b>Early/Mid Career Workshop: Getting published in Brain Impairment: Meet the Editors</b> <b>Venue Gallery Rooms</b>
<b>Guest Speakers:</b> A/Prof Libby Callaway, Dr Lee Cubis, Dr Sophie Brassel, Dr Kate D'Cruz, Dr Rachel Rietdijk, Dr Petra Avramovic, Dr Josh Faulkner, Prof Olivier Piguet and Dr Kate Gould	<b>Speakers:</b> Jenny Fleming and Grahame Simpson

**1.45 – 3.00 CONCURRENT SESSIONS 10 – 12**

<b>Concurrent Session 10: Concussion or mild TBI</b> <b>Ballroom 1</b> <b>Chair: Petra Avramovic</b>	<b>Concurrent Session 11: Paediatric &amp; Social</b> <b>Ballroom 2</b> <b>Chair: Cynthia Honan</b>	<b>Concurrent Session 12: Community-focus Vocational rehab and housing</b> <b>Gallery Rooms</b> <b>Chair: Janet Wagland</b>
1.45 – Vanessa Rausa - Concussion knowledge and attitudes towards sport and activity: A nationally representative survey of Australian parents 2.00 – Alice Theadom - Evaluation of a supported primary health care pathway for mild traumatic brain injury 2.15 – Alanna Bailey - “.... I don’t want to fail...” Successful return to study with persistent post-concussive symptoms 2.30 – Caitlin Kersivien - The protective role of resilience in the reporting of post-concussive symptoms within a non-clinical sample 2.45 – Jennifer Cullen - Data Sovereignty in the AUS-mTBI study: Having Aboriginal and Torres Strait Islander control over Aboriginal and Torres Strait Islander data	1.45 – Kate Bray - Social Cognition in Paediatric Acquired Brain Injury: A Systematic Review and Meta-Analysis 2.00 – Victoria Tanna & Anita Shimmins - Post-traumatic Amnesia in Children: Phenomenology of Behavioural Disturbances and Development of a Prototype Scale 2.15 – Edith Botchway-Commey - Relationship between sleep outcomes and lifestyle factors in young adults living with childhood traumatic brain injury 2.30 – Caroline Fisher - Strengths Based Diagnostic Assessments for Adults with Autism and clinically relevant therapeutic approaches: Service Evaluation and Group Therapy Co-Design with Consumers 2.45 – Nikki-Anne Wilson - Negative humour styles predict higher affective lability in healthy older adults: Implications for clinical practice	1.45 – Jennie Ponsford - Efficacy of Early Vocational Intervention following Traumatic Injury: A Randomised Controlled Trial 2.00 – Thomas Gates - Individuals with extremely severe traumatic brain injuries can achieve similar return to work outcomes to their less severely injured peers: A secondary analysis of the Vocational Intervention Project 2.15 – Miffy Durham (PR) - “From trauma to triumph”: strategies that workplace rehabilitation consultants implement to assist ABI clients to return to work with their pre-injury employer 2.30 – Stacey Oliver - How do people with disability and complex needs experience the built environment in new specialist disability housing? 2.45 – Lee Cubis - Applying the Knowledge to Action framework to improve housing and supports for people with Multiple Sclerosis

**3.00 – 3.15** Afternoon Break

**3.15 – 4.15 CONCURRENT SESSIONS 13 – 15**

<b>Concurrent Session 13: Physical Health</b> <b>Ballroom 1</b> <b>Chair: Miriam Poole and Ché Phillips</b>	<b>Concurrent Session 14: Stroke</b> <b>Ballroom 2</b> <b>Chair: Dana Wong</b>	<b>Concurrent Session 15: How to Session - Supports</b> <b>Gallery Rooms</b> <b>Chair: Joanne Steel</b>
3.15 – Leanne Hassett - Development of an Australian physical activity clinical practice guideline for people living with moderate-to-severe traumatic brain injury 3.30 – Sakina Chagpar - An Audit of Physical Activity Provision and Promotion in Brain Injury Services within Australia in 2023	3.15 – Felicity Bright - Mapping experiences and provision of stroke care in Aotearoa New Zealand: Where is the work to support well-being? 3.30 – Tanya Rose - Accessibility of Rehabilitation Health Service Websites following Stroke: A Need for Improved Implementation of Web Accessibility and Communication Access Guidelines	3.15 – How to Session (30mins): Taylor Jenkin - Using systems-based approaches to understand and work with families following acquired brain injury 3.45 – How to Session (30mins): Rachael Rietdijk/ Sophie Brassel - A workshop on using the free self-guided online resource interact-ABI-lity to upskill

3.45 – Amber Ayton - Mental and physical health comorbidities in traumatic brain injury: A comparison with non-TBI controls 4.00 – Janelle Griffin - Falls on an inpatient brain injury rehabilitation unit: The nature and significant characteristics of consequential falls	3.45 – Rene Stolwyk - Mental Health Support After Stroke: A Qualitative Exploration of Lived Experience 4.00 – Ronelle Hewetson (PR) - “Until now I had no idea there was something special about the right hemisphere”: Co-designing an education resource with people affected by a right hemisphere stroke.	communication partners of people with acquired brain injury
---	---	---

**4.20 – 5.00**      AWARDS AND CONFERENCE CLOSE

**Chair: Dana Wong**

**Venue: Ballroom 2**

**4.20 – 4.30**      Thanks to Convenor, Committees and Sponsors

**4.30 – 5.00**      **Brain Impairment Douglas Tate Award**

**ASSBI Student Awards**

Kevin Walsh Award

Luria Award

Travel Award

**Mindlink Brightwater**

Award for Interdisciplinary Presentation

## DATABLITZ POSTER LIST

- Jennie Ponsford - *Efficacy of olanzapine for reducing agitation in post traumatic amnesia after TBI: a series of n-of-one cases* (DB1)
- Jane Bradshaw - *Be Pain Smart – An innovative way to manage pain after Brain Injury and/or Spinal Cord Injury* (DB2)
- Katherine Goodchild - *Perceived influences on decision making by occupational therapists assessing cognitive function in acute care following traumatic brain injury* (DB3)
- Diane Whiting - *Validating the DASS-10 as a brief measure of psychological distress after traumatic brain injury* (DB4)
- Sarah Chuah - *Participant Perspectives on Traumatic Brain Injury Impacts and Acceptance and Commitment Therapy Outcomes: A Qualitative Analysis* (DB5)
- Danielle Sansonetti - *The role of environmental, social and activity-based feedback mechanisms in self-awareness rehabilitation for adults with brain injury* (DB7)
- Caitlin Hamilton - *Maintenance of gains following prospective memory rehabilitation for adults with traumatic brain injury* (DB8)
- Jacqui Wheatcroft - *Expert consensus on a cognitive rehabilitation training program: A nominal group technique study* (DB9)
- Tenelle Hodson - *Co-design of a technological solution for people with acquired brain injury* (DB10)
- Jessie Mitchell - *Reclaiming agency in care decisions: Perspectives of people with acquired brain injury and their family members pre- and post-hospital discharge* (DB11)
- Rebecca Rothman (PR) - *The change in mental well-being over one year for people with neurological disabilities and complex needs after moving into individualised housing* (DB12)
- Tayla Kleinschmidt (PR) - *Supporting Return to Work in People with Traumatic Brain Injury: Synthesis of Publicly Available Information on Assistive Technology Used by Speech Pathologists* (DB13)
- Erica Zhang - *Important event recounts after traumatic brain injury* (DB14)
- Yong Yong Zhang – *Addressing persisting challenges for people with aphasia after TBI* (DB15)
- Pavika Thevar - *A Pilot Trial of Cognitive Behaviour Therapy for Migraine in Multiple Sclerosis* (DB16)
- Ilana Hepner - *Exploring Patient Engagement on a New App for Memory Rehabilitation (MEMOREhab)* (DB17)
- Michael Norwood - *An immersive virtual reality game to identify spatial neglect: The full story from conception and piloting, to efficacy and implementation analysis* (DB18)
- Mengjie Huang - *Fibre-specific alterations in amygdala-associated white matter tracts in the language variants of frontotemporal dementia* (DB19)
- David Foxe - *Longitudinal changes in functional capacity, cognition, and behaviour in the frontotemporal dementias and Alzheimer's disease* (DB20)
- Mohamed Taiebne (PR) - *Review of tools for screening and assessment of acquired neurogenic language disorders in Arabic* (DB21)
- Elinor Fraser (PR) - *Experience of adapted cognitive behaviour therapy to address sexuality changes after traumatic brain injury: a qualitative study* (DB22)
- Lucy Ymer - *Cognitive Behavioural Therapy versus Health Education for Sleep Disturbance and Fatigue Following Acquired Brain Injury: A Randomised Controlled Trial* (DB23)
- Kimberly Chew - *"I am me again": Co-Designing a Cyberscam Recovery Intervention Framework for People with Acquired Brain Injury* (DB24)
- Adelene Yap - *Reducing lifetime cost of care and family burden post catastrophic injury through an interdisciplinary therapy based transitional program at Brightwater Marangaroo, Western Australia* (DB25)
- Sharon Savage - *Improving dementia knowledge and intentions towards healthy lifestyle choices - a targeted education video for young adults* (DB26)
- Naomi Moylan - *Younger Onset Dementia Service Model* (DB27)

**POSTER LIST****Day 1**

#	First Name	Last Name	Title
1	Gyan	Ainkaran (V)	The lived experience of memory disturbance in primary progressive aphasia
2	Dryden	Badenoch (V)	Determining the range and prevalence of post-stroke cognitive impairments
3	Louise	Bassingthwaighe	How, where, why and with whom: Lifespace during driving disruption following ABI
4	Sophie	Brassel	Using immersive virtual reality for assessing cognitive-communication disorders following traumatic brain injury: What do speech pathologists think?
5	Jao	Carminati	The CyberABILITY Scale: Validating a Measure to Assess Online Risk and Safety for People with Acquired Brain Injury
6	Beth	Causa	Assessment and treatment of anomia aphasia in a high-functioning young adult following TBI
7	Louise	Crowe	Building a consumer-focused paediatric acquired brain injury research program
8	Holly	Emery	Disability, health-related quality of life, and self-concept change in people with Multiple Sclerosis: A moderated mediation
9	Holly	Emery	The Multiple Sclerosis (MS) Self-Concept Change Scale: Development and validation of a new measure ASSBI
10	Mardee	Greenham	Childhood Stroke Project: Delivering new resources to support survivors and their families
11	Ilana	Hepner	MEMOREhab: Bringing Memory Rehabilitation into the Digital Age
12	Tenelle	Hodson	Use of personal portable devices during and after inpatient rehabilitation for people with acquired brain injury
13	Stacey	James	Developing a return to driving intervention in an acquired brain injury transitional rehabilitation service
14	Caroline	King	Benchmarking survey: cognitive-communication assessment protocols post Traumatic Brain Injury (TBI) across the continuum
15	Cheryl	Kotzur	Therapeutic groups run for community-dwellers with acquired brain injury: A global perspective
16	Jennifer	Makovec Knight	Post Traumatic Amnesia: A Collaborative Allied Health Approach on an Acute Trauma Ward
17	Emma	Murton	Implementing best practice management of patients presenting with disorders of consciousness post-acquired brain injury

**Day 2**

#	First Name	Last Name	Title
18	Michael	McKenzie	Effects of Animal Assisted Therapy on the emotional, physical, and psychological well-being of people with an acquired brain injury.
19	Daniel	Milligan	A phase 1 evaluation of the Making Everyday Memory Optimal (MEMOREhab) telehealth-based group memory rehabilitation program
20	Christian	Minett	Health professional and consumer perspectives of the important features of a community brain injury rehabilitation service
21	Clare	Morgan	Advancing ABI community rehabilitation: Hybrid model development in Queensland
22	Alexandra	Rehn	A Case of Alexia Without Agraphia Post Stroke: Speech pathology and Neuropsychology Characterisation and Management.
23	Regina	Schultz	Be Pain Smart – Evaluation of Online Clinician Pain Management Education Modules
24	Rebecca	Seeney	Preliminary scoping of technology use in outpatient brain injury rehabilitation services
25	Kirsten	Sue See	Designing a best practice model of care for rehabilitation of patients with a prolonged disorder of consciousness (PDOC).

26	Mohamed	Taiebine (V)	Neuropsychological Model of Agraphia in Arabic-Speaking Patients with Alzheimer's Disease and Primary Progressive Aphasia
27	Mohamed	Taiebine (V)	Serious Games Assessment and Interventions in Arabic Patients with Dyslexia: A Narrative Scoping Review
28	Matt	Thomas	The potential of cognitive remediation therapy for improving the functional communication capabilities of adults with schizophrenia and other psychotic spectrum disorders
29	Jessica	Trevena-Peters	Cognitive Rehabilitation Following Traumatic Brain Injury: An International Survey of Current Clinician Practice
30	Cho Kwan	Tse	Leisure activity participation in Hong Kong older population and its associations with cognitive, psychological and functional abilities
31	Aimee	Velnoweth	Underpinning low mood: Impact of cognitive and physical stroke sequelae on the multiple domains of interpersonal intimacy.
32	Adelene	Yap	A pilot review of an interdisciplinary transitional accommodation program in Perth, WA supporting people with Korsakoff Syndrome transition from hospital to long term accommodation in the community
