

# Manual for the Comprehensive Assessment of Prospective Memory

## Table of contents

### Acknowledgements

1. Executive Summary
  - a. Assessment Manual
  - b. Contact information
2. Background and Development
  - a. Rationale for development
  - b. Aims of the tool
  - c. Intended use
  - d. Development
3. Assessment Materials
  - a. Part A
  - b. Part B
  - c. Part C
  - d. Brief Assessment of Prospective Memory (BAPM)
4. Administration and Scoring
  - a. Administration procedure
  - b. Scoring
5. Score Interpretation and Reference Data
  - a. Sum of raw scores
  - b. Mean scores
  - c. Discrepancy scores
  - d. Normative and comparative data
  - e. Clinical interpretation
    - i. Assessment and treatment planning
  - f. Case example
    - i. Case study B.C.
6. Psychometric Properties
  - a. Original version of the CAPM
  - b. Current version of the CAPM
    - i. Part A
    - ii. Part B
    - iii. Part C
7. References
8. Appendix 1: Comparative or reference data
9. Appendix 2: Details of research studies using the CAPM
10. Appendix 3: Comprehensive Assessment of Prospective Memory
  - a. Part A
  - b. Part A – Significant other version
  - c. Part B
  - d. Part B – Significant other version
  - e. Part C
  - f. Part C – Significant other version
11. Appendix 4: List of Abbreviations
